The preceding charts give a summarized report of the Trust Funds for the period from February 1, 1935 through January 31, 1936.

We wish to call attention to an error in the printed report of 1935. The amount of interest earned in the Manchester Savings Bank was \$70.81 and not \$80.80 as printed. Accordingly, the Charles C. Ward Town Fund, which was and is invested partly in the Manchester Savings Bank, received \$176.92 in 1935 instead of \$186.91 as printed.

## AUDITOR'S REPORT

This is to certify that I have examined the accounts and records of the Trustees of Trust Funds and find them correct and properly vouched to the best of my knowledge and belief.

SARAH G. COUTTS, Auditor.

Respectfully submitted,

CHARLES B. KNIGHT  
ROLAND A. WHITNEY,  
JOHN D. TUTTLE,

Trustees

An ERA project was taken and started on April 27, 1935, the only available funds were the Highway Maintenance appropriation.

This project extended over a period of about three months, the government to pay for labor, the Town to furnish equipment, tools, foreman, truck driver, time keeper, gravel and supplies.

Total cost to Highway Department was \$536.99. Cost to government about \$1,100.00.

This project applied gravel to nearly six miles of road.

If there had been money available, more and bigger projects could have been undertaken.

On August 3rd, as there was not money enough to carry on maintenance work as in past years, the Town truck went to work on State Aid Construction. After paying running expenses and driver this job showed a profit of \$123.79; this was applied on Highways.

On October 14, began to repair Class V road from New Electric Station to Harrisville Line; used as de-tour while Dublin road was being built. The State gave us \$500.00, the Town to furnish truck and tools.

If it had not been for these projects the roads would have been in very bad condition at freeze-up time.

Road Agent.

---

Owing to the size of the appropriations and the heavy traffic on the back roads, this past year has been, in some ways, a disappointment.

It was impossible to do some of the things that I have always thought necessary, like cutting brush, getting leaves from ditches in the Fall and shaping roads before freeze-up.

You must remember, at Town meeting, that your appropriation governs the condition of your highways.

Last year's appropriation was the smallest since 1919.

Extreme economy had to be practiced in consequence.

You will find no overdraft, except a slight one on snow removal.

NORMAN N. COLLINS,

Road Agent.

## REPORT OF THE FROST FREE LIBRARY

---

The annual meeting of the Trustees of the Frost Free Library was held in the Library, Saturday afternoon, October 12, 1935, at 2:30.

The President, Rufus S. Frost presided, and called on Rev. Herbert J. Foote to offer prayer. The secretary read the minutes of the previous meeting which were approved. In the absence of the treasurer, Fred D. Hemenway, Miss Ruth Hemenway read the treasurer's report. The report showed a balance on hand November 1, 1934 of \$133.75. Total receipts for the year, including balance \$708.38. Disbursements, \$530.02, leaving cash on hand October 12, 1935, \$178.36. The treasurer's report was adopted, subject to the books being audited, and the auditor's report accepted at a later meeting of the Executive committee; which has been done.

The librarian read a very thoughtful report of her work giving such information, as the public might desire to know relative to the working of the library. The report was accepted.

The Rev. C. P. Buckley reporting for Committee on Covering Brook, said; "the Selectmen were of the opinion that financial conditions made it difficult for the work to be done at present." Mr. Ernest Flint speaking for the selectmen expressed the same opinion.

It was voted to appropriate not more than \$200.00 for books.

The following officers were elected to serve the coming year: President, Rufus S. Frost; Vice-Presi-

## LIBRARIAN'S REPORT

---

To the president and trustees of the Frost Free Library, the librarian submits the following report for the year ending October 9, 1935.

The library has been open 101 times with a total circulation of 8,678 books, 5,466 of which were adult fiction, 2,133 juvenile fiction, 644 adult non-fiction, and 435 juvenile non-fiction.

The total circulation of magazines was 7,467.

In addition to our regular magazine subscriptions the library is now taking two copies of the following magazines, American, Cosmopolitan, Good Housekeeping, and Reader's Digest. The extra copies are more than appreciated, and I am sure we are all very grateful to the Frost heirs for making it possible for us to have such a splendid variety of magazines.

We are now taking the "Pathfinder" again, and have also subscribed to the "Open Road," a fine magazine for boys.

We wish to express our appreciation to the American Legion for their thoughtfulness in giving us a subscription to the "American Legion Monthly," and to the W. C. T. U. for the juvenile magazine, "The Young Crusader," and to Miss Elizabeth Bryant who is giving us the "Independent Woman," a magazine of special interest to the business woman.

Mrs. Ruth A. Knox, Mrs. George Blodgett, Mrs. Gertrude Johnson, Mrs. Abbie Landry, Miss Veronica Cheney, "Bobby" Davis and Cyrille Godbois, Jr., are others to whom we are indebted for donations of magazines

I'm sure all of the library patrons who enjoy magazines join me in thanking all who have given so generously, and agree that special thanks should be given to Miss Ruth Hemenway, Mrs. Grace Thatcher, and Mr. Harry Bemis who have faithfully continued to donate magazines every month for several years.

One hundred and fifty-one new books have been added during the year, 124 were purchased from the library fund, 2 were gifts of publishers, and 25 were given by "Bobby" Davis.

Some very interesting non-fiction books have been purchased this year. Two splendid reference books, for which there has long been a need, have been purchased, namely, "Authors, To-day and Yesterday," and its companion volume, "Living Authors."

In last year's annual report I spoke about the rearrangement of the library, our new drop light, etc. This year, I wish to say that two congoleum art squares were purchased shortly after our last annual meeting, and they have certainly furnished the added touch to make our library cosy. Many enjoyable hours have been spent by patrons in the library during the past year, and I feel that our large reading table and new lights have made these hours possible.

I hope that all those, both young and old, who have enjoyed the library during the past year will continue

to do so and that others who haven't been in for a long time will drop in sometime and see if they do not feel with us that the library is a cosy place to visit.

May I once again express my sincere appreciation to each and every one who has remembered the library in any way.

## MARLBOROUGH COMMUNITY NURSING ASSOC.

---

The Marlborough Community Nursing association submits the following reports for the year ending December 31, 1935.

Our year ends with a satisfactory financial status with all bills paid.

You will note by Miss Robbins report that she has had a busy year, making 300 more calls in 1935 than

in 1934. This does not mean that we have had more illness in our town, but that our citizens are relying more and more upon our nursing service and also, due to the use of a car, Miss Robbins could carry on more strenuous follow up work where needed. It is also interesting to note that the number of free calls remains the same for the two years which means to us a better economic condition among our people.

Except for the unavoidable omission of the usual underweight clinic, the other usual clinics have been held, with the addition of an extra pre-school child clinic. Much corrective work has been accomplished, but we are noting the results of the past few years of depression in an increased amount of underweight and poor posture among our school children. This is very likely due to poorly balanced diets during the needful years of body growth. Our various organizations and individuals have helped in alleviating this condition in so far as they were able. The Nursing Association deeply appreciates the co-operation of all who have helped Miss Robbins in any way to carry on her heavy and varied program. It will take long and continued co-operation to heal the scars of the past few years of lack.

The usual membership campaign was carried on, with the generous aid of Miss Irma Richardson.

Mr. and Mrs. Ring have kindly continued their assistance with telephone calls for Miss Robbins when she was away from home. This is an important service which in an emergency might mean a matter of life or death.

We urge you to study the following reports and we solicit your continued co-operation in this most valuable community project.

Respectfully,

RUTH E. HEMENWAY,

Feb. 10, 1936.

President.

## Visiting Nurse's Report

Total number of calls 1237

The work of the District has continued to be equally as busy and the welfare work has continued to be an active and interesting branch.

### Pre-school Work

Through the co-operation and generosity of the State Division of Maternity, Infancy and Child Hygiene, two pre-school clinics were held this year. Both clinics were held at the Greenwood Memorial Vestry and were sponsored by the local Woman's Club, Parent Teachers' Association and Nursing Organization. Transportation was furnished by friends to those living at a distance.

Dr. Walter F. Taylor of Keene, N. H., was examining physician, assisted by Elizabeth H. Carriel, State Nurse and Della A. Robbins local Nurse.

In May (May 1, 1935) 48 pre-school children were examined and in October (Oct. 3, 1935) 34 pre-school were examined, defects (all of which were minor) were noted and notices of the same were sent home to parents.

Corrections—3 have had ears treated.

8 have had tonsils and adenoids removed.

1 complete dental work.

3 are attending the orthopedic clinic in Keene, N. H.

On May 10th, a Diphtheria Toxoid Clinic was held at the Greenwood Memorial Vestry, under the direction of the State Board of Health with the local Woman's Club co-operating. Dr. I. G. Hildreth, our local doctor was attending physician, assisted by Elizabeth H. Carriel, R. N., and Della A. Robbins, R. N. Thirty-one pre-school and six school children were given the diphtheria protective treatment.

### **Welfare Work**

Through the co-operation of the Selectmen and State Relief a number of mattresses and quilts have been obtained.

Local organizations have been active and very helpful.

Food, clothing, bedding, shoes, canned goods and medical supplies have been collected and distributed. The Woman's Club has given a generous amount of canned goods again this year to be used as needed.

The members of the Sodality of the Sacred Heart Church and of the Ladies Circles of the Federated Church have done a great deal of sewing.

The Rehabilitation Committee gave clothing last winter which was very helpful.

The American Legion and Auxiliary have given shoes, clothing, materials and medications.

The Red Cross and friends have contributed generously for needy dental work.

The W.C.T.U. have made sponges.

Friends have been most generous in giving food, clothing, bedding to be used as needed.

The use of the car has added much to the easy promptness and efficiency of the work.

We are greatly indebted to friends for their splendid co-operation, to the telephone staff for transferring calls to the Drug Store when the Nurse is absent from the house, and to Mr. and Mrs. Charles Ring for their courtesy shown in handling emergency calls.

A report of the school work will be given in the school report.

Respectfully submitted,

DELLA A. ROBBINS, R. N.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Marlboro:

I herein submit my thirteenth annual report as superintendent of schools.

It seems right and proper to utilize a little space in this report to bring before the parents and citizens some of the objectives of the public school system of to-day; (1) To develop a sound mind in a strong and healthy body. (2) To develop the ability to read and write, to think and put that thought into action. During the year we have tried not only to teach the child the mechanics of reading but also the getting of the thought from the printed page and then expressing it in an effective way to the listener. That is we are emphasizing oral reading. (3) We recognize the need of more effective teaching of technical grammar as well as the use of correct expressions in the Mother tongue. (4) To endow our pupils with the knowledge, skills and mental power to earn a reasonable living in the modern world of to-day. (5) To devote the use of leisure time to worthy activities and pleasures. (6) To develop a fine spiritual character that is trusted and admired.

To the development of these objectives and others not mentioned we invite your co-operation, support and suggestions.

### Promotions

The following numbers of promotions in respective grades were made in June:

Grade,

	I	II	III	IV	V	VI	VII	VIII	IX	X	XI	XII
	23	19	29	27	31	17	39	31	19	21	23	8
	—	—	—	—	—	—	—	—	—	—	—	—
Totals,	23	19	29	27	31	17	39	31	19	21	23	8

The above promotions were made on the following points: regularity of attendance, term rank, standard tests and regular examinations by the teachers.

The Metropolitan Achievement tests were given; one at mid-year and one in June.

The Otis Standard Graduation examination for elementary schools was given to the eighth grade.

There have been two changes in our teaching corps the present year; Miss Margaret Parker having resigned, Miss Alice M. Upton, a graduate of Keene Normal, was chosen instructor of English. Miss Blanche Gauthier having been elected to a position in the Manchester schools resigned her position here. Miss Gladys Bridge, a graduate of Keene Normal and a teacher of several years experience, was elected to the sixth grade position.

We wish to express our appreciation for the fifty modern desks installed in the high school room. They add much to the comfort of the pupils, the convenience of the teachers and the modern appearance of the room. We hope the pupils will show their appreciation by the proper care and careful use of the same.

At the time of writing, the schools are well organized, the progress of the grades is normal, the teachers are progressive in their methods, the pupils cooperative and responsive to their instruction.

In conclusion, I wish to thank the school board, teachers and parents for their co-operation and support.

Respectfully submitted,

FREDERICK T. JOHNSON,

Superintendent of Schools.

Marlboro, N. H., February 17, 1936.

To the Superintendent of Schools:

As Headmaster of Marlboro High School, I beg leave to submit the following brief report of the activities and enrollment.

The enrollment has passed all previous records—the total registration being 97. This is distributed as follows:

Seniors	22	
Juniors	20	
Freshmen	32	
Sophomore	23	
	—	
Total	97	
	Junior High	64

A new course in Mathematics was added this year making 3 units available for those wishing to go to college.

### Athletics

Basketball and baseball have been organized and have competed with local and League teams. The results of the contests have in many cases been discouraging, however, the major issue is not to win but to teach the value of team work and true sportsmanship.

The following are the members of the girls basketball team:

Marie Beauregard, Capt.	Audrey Pierce
Beatrice Pinkham	Maxine Butler
Sylvia Beauregard	Kathryn Ryder
Doris Fagnant	Lillian Zecha
Pauline Fagnant	Beatrice Zecha
Phyllis Knight	Clara Knight

#### Boys Team:

Bernard Beauregard,	Russell Bissell
Capt.	Leo Hackler
Robert Demers	Robert Kenyon

Sherman Martin  
Larry Anderson  
Mitcheal Martin  
Harold Burby

Robert Davis  
Clinton Allen  
Philip Oliver

### Literary Activities

The school play, "Rose of the Southland," a three-act comedy, was presented at the Marlboro Town Hall, February 14. The cast of characters was as follows: Rose Dorinda, a charming southern girl, Beatrice Pinkham; Major Dorinda, her father, Oliver Derby; Burton Dorinda, Rose's courageous brother, Philip Clark; Mammy Evelina, a beloved servant, Margaret Robinson; Grant Lee, a young cotton-grower; Bernard Beauregard; Alfred Hickson, a lawyer, Allen Blodgett; Ruth Beveridge, a charming middle-aged lady, Ruth Nason; Hallie Burke, a pretty chatter-box, Alice Williams; Stephanie de Barrie, a romantic girl, Priscilla Beaudoin; and Elizabeth Poynter, Rose's attractive friend, Margaret Clark.

Public speaking is encouraged through daily assembly programs. In the classroom, selections are memorized and presented. Class contests will take place later in the school year.

Students are being encouraged to enter the State Contest in One-Act Play Production. This involves the writing and presentation of original one-act plays. On May 1, 1936, the contest judges will sponsor the public presentation of the four best plays from high schools throughout the state. At that time, prizes will be awarded.

### Extra-Curricular Activities

Following the program suggested by the State Board of Education, time has been spent on activities apart from our regular school subjects in the junior high school.

Both seventh and eighth grades have produced assembly programs of many varieties. Short plays have been given. Pupil participation in informal talks relating to cases of discipline and the right school spirit have been encouraged with excellent results, thus following the guidance program which is stressed in modern education.

Musical programs have had their place in these extra-curricula activities. Instrumental music has been given by pupils who are able to play instruments regardless of the amount of training or the type of instrument much to the pleasure of the rest of the class members. We feel that this helps the pupil in obtaining confidence and self control.

Among the social activities the junior high held an enjoyable Christmas Party in the Grange Hall and a Valentine Party at the school.

### Graduation

June 14, 1935 Marlboro High School graduated a small class of eight members, all of whom took part in the exercises. Most of them have taken their places in the working world. Marion Whitney is studying at Bay Path Institute in Brattleboro, Vermont; Ralph Bissell, at the University of New Hampshire.

RALPH H. BISSELL,  
Headmaster of High School.

February 17, 1936

To the Superintendent of Schools:

Does Music prove an aid in all branches of learning?

A statement of amazing character comes from Oxford University. All the musical work at Oxford is done at Magdalen College which gives a vast number of prizes and scholarships to its pupils.

Only ten per cent of its students elect to take up music, but those ten percent capture practically all the honors in prizes and scholarships. There are 1,000 students and about 100 elect music. There are about 200 honors and 180 of these, in every department, not only music, but literature, mathematics, history and science, are distributed among the 100. The other 20 are divided among the 900. This condition was not for one year but the consistent record of thirty years in succession.

A statement from this college says that the influence of music upon the mental condition of the students gives them alertness, a keenness, an imaginative flair, which reacts upon everything they have to do. It

arouses the thinking apparatus to new powers. Certainly nothing gives free rein to dreams and visionary planning like music.

Music in all the grades is progressing well. In the first grade the students learn to sing for pure enjoyment and to learn to use the voice. In the other grades the steps of note reading, and other points of theory and technique, are taken up in a definite manner so that when the student reaches High School he may apply this knowledge to general chorus work.

Special stress is being put on note reading as sight reading is one of the main objectives of our work. Much of the theory which is valuable only to instrumental players is being eliminated and only that theory which is valuable to the use of singers is being taught.

Certain new material has been purchased to develop this part of the work. A new set of books for each grade is needed so that more material may be available for the different steps as they are presented. I hope this material may be obtained this Spring.

In the High School students are showing continued interest in their music work and are singing very well. Much attention is being given to enunciation, intonation, sight-reading, pitch, expression, and interpretation. We are planning to have the High School Chorus sing at the Graduation this year.

Instrumental work in the Junior and Senior High School should be developed and to do this instruments should be made available. A group outside the High School has already started and it is hoped that this may develop further interest so that the work may eventually be carried in a systematic manner through the school, which will not only assist in these outside groups but will enable the High School to have units of its own to assist at its several functions.

Some of this instrumental work is already being carried on but this could be extended if funds were

made available for the purchase of instruments to be owned by the school. I am very much interested in this phase of school music and hope that something definite can be done before long.

Music of high type and character has been selected so that a desire for better music may be developed.

May I express my sincere appreciation to Principal Ralph Bissell, Superintendent Frederick Johnson, and the teachers for their co-operation.

Respectfully submitted,

ARTHUR T. COOGAN,  
Music Supervisor, Marlboro Schools.

## REPORT OF SCHOOL NURSE

To the Superintendent of Schools:

The following report is submitted to Mr. Frederick T. Johnson, Superintendent of Schools.

Visits have been made to the Village School nearly everyday.

The pupils of the grades have been weighed every month and measured three times during the year.

The pupils of the High School have been weighed and measured three times during the year.

Milk lunches were given from November to the middle of May. All pupils were invited to bring milk and all underweight children have had milk daily. Milk for needy children was furnished by state and federal funds. A very limited amount of cod liver oil has been given to both pre-school and school children.

The annual physical examination of all the pupils was made in January by Dr. L. G. Hildreth, assisted by Della A. Robbins, R. N.

307 Number examined.

26 Defective vision.

- 2 Defective hearing (having treatment).
- 56 Defective tonsils and adenoids.
- 24 Defective teeth.

#### Corrections:

- 3 have had new glasses.
- 190 have had dental work.
- 24 have had tonsils and adenoids removed.

This number of tonsillectomies being possible only through generousities of the Parent Teachers' Association and friends.

Owing to Dr. Robert B. Kerr's illness this summer, we were unable to conduct our regular underweight clinic this fall. However, Dr. Kerr very kindly consented to examine any pupil, whom we would bring into his regular clinics in Keene. Eighteen pupils have been examined by him.

A dental clinic was held at the Village School in November and December. Dr. H. C. Baldwin, D.M.D. of Manchester, N. H. was attending dentist, assisted by Miss Edith Baldwin and Della A. Robbins, R. N.

190 pupils had dental work done.

Amalgam fillings,	288
Porcelain fillings,	40
Cement fillings,	12
Extractions,	61 (22 permanent)
Prophylaxis,	126

Dr. Baldwin is coming back in April to check up on any work which may be necessary and to change a few temporary fillings to permanent ones.

In May the hearing of all the pupils from the third grade through the High School was tested by means of the State Audiometer.

Number examined.....256

Number with some defect in hearing.....14

Pupils taken to orthopedic clinic 2; to the T & A clinic 24; to Doctor's office for advice and treatment 6.

Exclusions from school for skin conditions 7; for chicken pox 41; for measles 5.

The local Red Cross and friends have given generously for needy dental work.

The same fine spirit and co-operation of all the teachers and Mr. Anderson is appreciated.

Respectfully submitted,

DELLA A. ROBBINS, R. N.
